

LIRA GOLD® Golden Day 1 paste

PASTE FOR NEWBORN CALVES

Contains Live (Viable) Naturally Occurring Microorganisms, “Micronized” Fat-soluble Vitamins and Specific Water-soluble Vitamins for Supplementation of Newborn Dairy Calves.

Administer to newborn calves as nutritional support for enhanced health and immune function.

30 gram oral dose syringe
50 count case

Dosage: For optimum results, administer the entire contents of a tube (30 g) orally on the back of the tongue to calves at birth or within 24 hours of birth. Repeat dosage if necessary within 24 hours.

Features:

- ◆ **No viable yeast or yeast culture to inflate total microbial count.**
- ◆ **Bacteria** – Host specific digestive bacteria (5): *Lactobacillus acidophilus*, *Enterococcus faecium*, *Bifidobacterium thermophilum*, *Bifidobacterium longum*, *Bacillus subtilis*
- ◆ **Strategic proteins** – specific egg yolk IgY targeted toward deleterious effects of six (6) pathogens commonly affecting newborn calves
- ◆ **Fat-soluble vitamins** – A, D and E
- ◆ **Water-soluble vitamins** – Thiamine (B-1), Riboflavin (B-2), Pyridoxine (B-6) and vitamin B-12
- ◆ **Selenium** – increased bioavailability of Se yeast enhances immune function

Benefits:

- ◆ **Unique combination of beneficial bacteria and vitamins in a single oral dose tube.**

LIRA GOLD Golden Day 1 paste provides live (viable) naturally occurring microorganisms, strategic proteins, and vitamins as nutritional support for newborn calves. Furthermore, LIRA GOLD Golden Day 1 paste is manufactured to use the same mode of delivery as the small diameter, emulsified fats in maternal milk; thereby, providing a faster and more efficient use of the vitamins, with selenium added to enhance IgG absorption and enhance immune function.

All ingredients are safe and natural, without medications, so withdrawal of any kind is not necessary.

LIRA GOLD Golden Day 1

Contains Live (Viable) Naturally Occurring Microorganisms and Vitamins for Newborn Calves.

Guaranteed Minimum Analysis per 30 g Syringe

Selenium (Se).....	3 mg (0.1 mg/g)	d-Pantothenic Acid.....	90 mg (3 mg/g)
Vitamin A.....	247,000 IU (8,233 IU/g)	Thiamine.....	9.9 mg (0.33 mg/g)
Vitamin D-3.....	9,800 IU (330 IU/g)	Niacin.....	120 mg (4 mg/g)
Vitamin E.....	120 IU (4 IU/g)	Vitamin B-6.....	4.85 mg (0.16 mg/g)
Vitamin B-12.....	30 mg (1 mg/g)	Choline.....	18.5 mg (0.61 mg/g)
Riboflavin.....	15 mg (0.5 mg/g)		

Total Microbial Count..... 1.5×10^9 Colony Forming Units (5×10^7 CFU/g)
(Lactobacillus acidophilus, Bifidobacterium thermophilum, Bifidobacterium longum, Enterococcus faecium, and Bacillus subtilis)

Ingredients: Vegetable Oil, Dried Egg Product, Sodium Silico Aluminate, Selenium Yeast, Fructooligosaccharide, Vitamin A Supplement, Calcium Silicate, Vitamin D-3 Supplement, Vitamin E Supplement, d-Calcium Pantothenate, Niacin Supplement, Natural & Artificial Flavor, Dried Lactobacillus acidophilus Fermentation Product, Dried Bifidobacterium thermophilum Fermentation Product, Dried Bifidobacterium longum Fermentation Product, Dried Enterococcus faecium Fermentation Product, Maltodextrin, Choline Hydrogen Tartrate, Polysorbate 80, Thiamine HCl, Riboflavin Supplement, Sorbic Acid (a preservative), Vitamin B-12 Supplement, Dried Bacillus subtilis Fermentation Product, Yellow 5 Lake, Pyridoxine HCl.

Indications and Directions for Use: For oral bovine use only. For optimum results administer entire contents of tube (30 g) orally on the back of tongue to calves following colostrum. Repeat dosage if necessary within 24 hours. Contains no medication. No withdrawal necessary.

Do not administer to animals unable to swallow. For animal use only. Store in a cool, dry place out of reach of children.

Manufactured for:

A Division of Daniel Baum Company, Inc.

Net Contents: 30 grams

rev:00-30ccSD-102617

Fat-soluble vitamins are required for growth, vitality, and overall good health. There are numerous benefits of “micronized” fat-soluble vitamins found in **LIRA GOLD Golden Day 1 paste**:

- **Faster Delivery and Greater Effectiveness** – Blood level of vitamins increase four times faster after administration, and more of the vitamins show up in the blood stream.
- **Lower Dosage** – Lower levels of vitamins are required due to enhanced absorption.
- **Cost Effective** – A more cost effective delivery system yields cost savings versus multiple products.
- **Veterinarian & Nutritionist Recommended**
- **No Injection Site Tissue Damage!**

LIRA GOLD Golden Day 1 paste will improve the gastrointestinal environment and immune system function of newborn calves.

Special Notes:

Do not administer to animals that are unable to swallow!

For animal use only!

Store at a controlled temperature: 40-80°F.

Keep out of reach of children.
